

# FLORILEGIUM

Have you ever imagined how life would be without the beauty of flowers? Without cherry blossoms or sophisticated roses; with no frangipani scent, and no lily softness. No more flowering hydrangeas, no beautiful tiger tulips, and no more summer flower bouquets to bring home to your loved ones. Having all these thoughts in our minds, we took the challenge of creating a new collection dedicated to the beauty of flowers. We collected several old illustrations and hand drawings created by famous navigators, and we recoloured, rescaled and transformed all the beauties in stunning patterns.
