

A photograph of a room with ornate green and gold wallpaper. The wallpaper features a repeating pattern of heraldic crests and floral motifs. In the foreground, a large, ornate gold-framed mirror stands on a wooden floor. To the right of the mirror, a silver candelabra with multiple arms is visible. The scene is lit with warm, natural light, creating a rich, historical atmosphere.

RINASCIMENTO

To give life to this story, we selected some vintage illustrations and lithographs collected from a couple of old books. We resized and recoloured the original patterns to create new unique statement designs with bold, rich details. The Renaissance was also famous for the diversity of colours and the metallic leaf technique used in all ornaments and decorations.

A tall, ornate mirror with a gold frame and a large, multi-armed candelabra standing in a room with green patterned wallpaper and a wooden floor. The mirror reflects a dark, textured wall and a chair. The candelabra is made of metal and has several arms with candle holders. The wallpaper features a repeating pattern of gold and green designs, including a central crest with a yellow animal. The floor is made of dark wood in a herringbone pattern.
