MEDITERRANEAN HOME COLLECTION

Inspired by the sea-washed shores of the Mediterranean, the Sundance Villa captures the vibrant and colourful seaside personifying the splendid chic and rustic mood. Exploring the Aegean and Ionian seas' rich waters, up from Samothraki down to Rhodes Island and Fiscardo Bay, MINDTHEGAP navigated through old yachting ports and some of the most secluded private and sunny beaches in search for nautical bliss.

The new collection pairs supple Mediterranean style linens and cottons with fabulous locally inspired patterns, while the finishing of our cushions and furnishings exemplify European craft.

The abundance of wild sea life with plush seaweed, fantastic seashells, and corals inspired the designers to create a collection of wallpapers and fabrics that reflects a distinctive seaside aesthetic. Truly unique and charming, our range of patterns also features handmade Ikat drawings, specific to Aegean culture and some authentic Greek elements re-imagined by our talented artists.

The tranquil elegance of the coastal lifestyle is juxtaposed by the eclectic mix of luxury and comfort, brought to life by endless nautical shades of blue, red, and white. Iconic Greek architectural elements are harmoniously incorporated into complex, lavish murals, while elegant nautical stripes and geometric drawings complete the bold selection of statement designs.

Immerse yourself in sunkissed island life and the blue waves of the Mediterranean, and enjoy the carefree lifestyle that this collection inspires.
