RUG COLLECTION 2026

Marimekko is a Finnish design house founded in 1951. For seventy years, the unmistakable Marimekko prints have been worn as bold badges of positivity and personal empowerment.

Our lifelong mission is to bring color and joy into lives and homes everywhere and encourage people to be happy as they are.

Striped, checked, and floral prints in bold colors make up a rich artistic legacy. Over the years, our designers have created some 3,500 print designs, which have graced everything from dresses and bags to ceramics, fabrics, and more. Proving their timeless appeal, the iconic prints have been reborn time and again in thousands of imaginative color palettes. And each year, new pieces of printed artworks are introduced to an ever-evolving collection.

In collaboration with Dutch company Brink & Campman, an attractive collection of rugs has been developed for both indoor and outdoor use. Born out of a passion for craftsmanship and sustainability, Brink & Campman has been making rugs for over 125 years.

The Marimekko range of tufted rugs translates some of Marimekko's most famous and iconic designs. These timeless rugs are offered in the best qualities in the vibrant color palette of Marimekko and will add a touch of joyful living to any home.

BRINK & CAMPMAN

UNIKKO

Maija Isola laid the foundation for Marimekko as a print house. When Armi Ratia banned flower patterns at Marimekko, Isola rebelled and painted a complete collection of graphic, pop-art-inspired floral fabrics. Among them was Unikko, which has been continuously printed since its launch.

KALASÄÄSKI

Stripes have always been an integral part of the world of Marimekko patterns. Kalasääski (osprey), a vivid freehand pattern of vertical and diagonal stripes, is one of the innumerable striped designs created for Marimekko by Maija Isola.

LOKKI

The idea for the Lokki (seagull) pattern came to Maija Isola when she was looking at a window with a curtain drawn across it. The sun was shining, and the wide folds of the curtain formed wavy shadows on the fabric.

ISOT KIVET

Maija Isola's Kivet (stones) design builds on circles cut with scissors. The pattern was most likely inspired by the big rough-edged stones that were manually cleared from the designer's atelier home's grounds.

SEIREENI

While traveling in Greece in the early 1960s, Maija Isola got inspired by the movement of water and depicted it in several fabric prints, including Seireeni (siren) from 1964. Named after the mythological sirens, the pattern also recalls the enchanting singing that lured sailors into dangerous waters.

B&C

At Brink & Campman we make collections of thoughtfully designed premium rugs. Brink & Campman has over 125 years of experience doing so. The craft of rug making means that no two rugs are exactly alike. The natural materials used in a handcrafted product might cause deviations in colour, texture or size.

This brochure has been created with great care. We make allowance for a degree of colour variation and cannot be held responsible for any printing errors or changes in the collection.
