## PERFORMANCE VELVET HEATHERTON

HARLEQUIN PRESENTS HEATHERTON FOR AW26: A SUMPTUOUS  
PERFORMANCE VELVET SUITABLE FOR UPHOLSTERY AND DRAPERY

Rich and tactile, Heatherton has a gently brushed surface reminiscent of mohair, where texture catches the light, enhancing the fabric's movement and depth of colour.

Presented in a bold, versatile palette inspired by the wider Harlequin portfolio, Heatherton is finished with a stain-repellent performance treatment, making it a practical choice for contract and residential interiors and everywhere in between.

## BRAND STORY

### EXPRESSIVE DESIGNS AND CURATED PALETTES THROUGH LUXURY FABRIC AND WALLPAPER

Harlequin is a contemporary brand of creative integrity known for designing and making versatile, sophisticated, and expressive fabric and wallpaper. As a studio, Harlequin embraces an eclectic sense of style in interiors and empowers people to express their individuality through colour and design in their homes.

Founded in the 1960s, Harlequin's portfolio is a varied and exciting mix of techniques, artistic styles, and textures, culminating in a library of beautiful, transitional designs. Taking inspiration from contemporary art and global influences, richly layered designs are revealed, providing endless inspiration for modern-day interiors that revel in self-expression.

# HARLEQUIN

PERFORMANCE VELVET HEATHERTON

With a refined approach to palette curation, the design team considers every shade and tone, hand-drawing and painting each design as an artwork before transforming them into highly textured fabrics and luxurious wallpapers that ignite the senses.

Our intuition for how people desire to live drives the team to create visionary designs as a creative outlet for design expression at home.

From a considered yet versatile library of hues to exceptional techniques and finishes in products, our designs bring energy to interiors, building an artwork archive for the future. Harlequin is committed to embracing individuality in design, bringing originality and beauty to the design table.
